PALO ALTO MAN SLAIN BY BULLET; MURDER IS INVESTIGATORS' THEORY

BELIEVED to have been placed "on the spot," the body of a man identified as Julian C. Whitman, of Palo Alto, was found Thursday off an isolated road on Jersey island, near Martinez, according to the United Press.

Whitman, secretary of the California Irrigation and Reclamation District Bond Holders' Association, removed to Palo Alto last July from San Mateo, with his family. He had resided in San Mateo for a considerable length of time.

Deputy sheriffs made the identification by personal cards and a commuter's ticket for San Francisco and Palo Alto, which were found on the body.

The victim had been slain by a .38 calibre bullet fired from an automatic pistol. The gun and a powder stained handkerchief, believed to have been used by the slayer to prevent fingerprints, were found nearby.

In reconstructing the death, Deputy Sheriffs A. D. Joslin and Gene Berger said they thought Whitman was shoved from an automobile. He was shot through the left temple. Footprints indicated he staggered 20 feet before he fell. The body was clad in a gray suit and topcoat. A wrist watch and other possessions of the victim discounted a robbery theory, according to deputies. They also said the nature of the wound and circumstances of the case precluded a suicide theory.

There were no houses within some distance of the place where the body was found. Deputy Sheriff Joslin said he found no footprints around the body. Efforts to locate threads of auto tires nearby were handicapped by the fact that the road was heavily traveled.

Joslin said he was convinced the case was murder. He said blood on Whitman's trousers above the knee indicated he was shot in an auto and then shoved from a car to go staggering to the spot where the body was found.

Telephone calls were traced to learn where Whitman last was seen alive. He was said to have called his wife at Palo Alto last night, saying he had completed a successful business transaction in Antioch and was going to the offices of the East Contra Costa Irrigation District. Joslin questioned officials of the district and learned that Whitman had never arrived.

Officials of Leib, Keyston and Co., San Francisco, said Whitman was a partner in their firm until a year ago, when he left to organize a bondholders' protective association. They said they later heard he was connected with some irrigation work.

Prior to joining Leib, Keyston and Co., Whitman was secretary of the San Francisco Stock Exchange from 1923 to 1928. He resided at Palo Alto. He was graduated from the University of California in 1907 and was employed by the state for several years prior to joining the stock exchange.

George Keyston, of Leib, Keyston and Co., said the victim was a mild-mannered man and had no enemies. He advanced the theory that Whitman was murdered by a hitch hiker. Keyston announced he was taking charge of an immediate investigation of the death.

Meanwhile, it was reported in Martinez this afternoon that two bullet wounds had been found in Whitman's head, and that he had been duck hunting with an unidentified Antioch man yesterday afterhoon.

Surviving are his wife, Mrs. Francis Whitman, prominent in educational and political circles, a former president of the State League of Women Voters and a member of Gov. C. C. Young's educational commission, and four children.

Court Revokes Drunk Driver's Operator's Card

Leslie Turner, 25, Burlingame waiter, was placed on one year's probation by Superior Judge Franklin Swart today on a charge of driving while intoxicated; was ordered to spend 20 days in the county jail, and had his license revoked for one year.

Turner promised the court that he would not take a drink of liquor for at least a year while he was on probation.

The motorist was arrested here by Redwood City police December 10 after his car and one driven by the Rev. Norman W. Pendleton collided here.

Howard Case Motion Over to Next Week

The motion to set the suit of Charles S. Howard Jr. against the Bank of America, by which Howard seeks to remove the bank as trustee of a huge estate, was continued to next Tuesday by Superior Judge Maxwell McNutt today.

Floods Debate Amount to Pay In Settlement

Negotiations for a settlement out of court of the claims of Mrs. Constance May Gavin of Los Angeles against the James L. Flood estate were under way in San Francisco today, and expectations that they may end successfully were expressed by opposing counsel.

The attorneys laughed away the reports of a San Mateo newspaper that the case was settled Saturday, and the intervening days have shown the story to be unfounded.

Theodore Roche, chief of counsel for the Flood heirs, said that agreement had been reached in many details of the court settlement, but "complete agreement has not been reached," he said.

Roche included the statement that "one big point" is unsettled. This is taken to mean the amount of money which the Floods will pay Mrs. Gavin.

The Flood lawyer saw a chance of the negotiations being concluded "one way or the other" within a few days.

If the settlement is not reached, it is likely that the case will be continued beyond the January 8 date for which it is now scheduled. Flood attorneys may seek a change of venue if the negotiations for settlement fail.

Agreement in Flood Case Is Denied Again

John J. Taaffe, San Francisco attorney and chief counsel for Mrs. Constance May Gavin of Los Angeles, claimant to a daughter's share of the $7,000,000 James L. Flood estate, declared emphatically Tuesday that no settlement had as yet been reached.

Taaffe said he did not expect that any quick decision can be reached in the Flood matter. The principal stumbling block in the way of a settlement is an agreement on the amount of money which the Floods will pay to avoid a second trial.

The attorney said "if and when" this important point is settled, there will still be "lots of details to be worked out" before Mrs. Gavin can come into her share.

Mrs. Gavin is staying at Taaffe's San Francisco home, where she has been during the negotiations.

The attorney was in Redwood City today on other business.

Pedro Point Route Talk Is Revived

State Engineer Has Conference With James Here

Whether to recommend use of the old Pedro Point sector of the Ocean Shore Railway Company's right-of-way for the projected Ocean Shore highway was discussed by engineers of three counties here and Col. John H. Skeggs of the state highway department at a conference Thursday.

The engineers met to discuss the $100,000 offer made by the railway for its 15-mile right-of-way in San Mateo county.

Previously the district had been ordered by the courts to pay $112,000 for only five miles of roadway, but this price was refused and the route abandoned.

County Engineer James S. James, who met with City Engineer John J. Casey of San Francisco, County Engineer Clyde Bowman of Santa Cruz, and Skeggs, declined to make known the engineers' decision.

It is known, however, that Colonel Skeggs had previously favored use of the Pedro Point section of right-of-way. If he maintains this position and agrees that the state is willing to build the road at Pedro Point, it is probable that this will be the recommendation of the engineers.

James has heretofore opposed the Pedro Point route as dangerous, and has held it to be financially impossible for the three counties to build and maintain the highway.

The road is now within the state's secondary system, however, and if Skeggs is willing to assume the responsibility for the future of the road, James may go along with the other engineers if they should favor the route.

New interest in the road is created by San Francisco's building of a road from the county line south to the new Sharp's Park golf course.

The engineers yesterday recommended cancellation of the contract for the first two miles of construction of the highway—a contract held by a San Francisco firm for five or more years ever since the project was first talked up.

Work was halted when the railway took the case to court and asserted the district had no righ-of-way.

Stepson Held In Death of His Kinsman

Paul Senski, 72, of Sebastopol, is dead today and his stepson, Cleo Bayles, 32, of 390 Alvarado street, Brisbane, faces a possible charge, as the result of a family feud in San Francisco last night.

The fight between the two men was waged with a shotgun and an iron bar, police said, at Bayshore boulevard and Tunnel avenue, San Francisco.

Senski, who was said to be wanted in Sebastopol for wife-beating, went to visit Bayles yesterday, bringing the gun and bar with him. Bayles knew of the warrant for his step-father, and decided to turn him over to San Francisco police.

To accomplish this, he suggested that the two take a walk.

During the walk, Senski got wise to the stepson's plans and the fight ensued. Bayles said Senski turned on him with the shotgun, and he grabbed the bar and struck the elderly man.

Patrolman J. C. Holl arrested Bayles for disturbing the peace, and took Senski to the Mission Emergency Hospital. The latter walked into the hospital and was treated for cuts and bruises. Later he died, and it was discovered that he had a fracture of the skull.

Bayles was then held for investigation and a more serious charge may be placed against him, police said.

Elderly Plaintiff Files $25,265 Suit

Damages of $25,265 were asked today by Mrs. Mary Foley, 91, of 1604 Barriolhet avenue, Burlingame, for injuries incurred February 28 when struck by an automobile. She was walking west on Howard avenue, Burlingame, at the time.

The lawsuit names Marjorie Hallahan, Milton J. Hallahan and Vera V. Hallahan as defendants. The former was driving. Simpson Finnell Jr. and George K. Ford filed the suit.

Widow Leaps To Her Death From Steamer

Belmont Woman In Jump Off Yale En Route to L. A.

Broken by lonliness on the Christmas holidays, Mrs. Georgette M. Hyland, 50, Belmont widow, took her life Wednesday by jumping off the steamer Yale en route to Los Angeles.

That she planned to do this was revealed to Miss Maryalice Cavanough of Valley View road, Belmont, with whom she lived, in a special delivery letter received yesterday in San Francisco.

"I am sailing on the Yale and will not return," the letter said.

Miss Cavanaugh immediately wired the steamer and a search of the boat was made. It revealed that Mrs. Hyland's cabin—No. 13— was empty. The bed was rumpled as if she had spent some time there thinking over her suicide plans.

Ship officers on the "dog watch"—the early morning shift—said they had seen Mrs. Hyland pacing the deck and then suddenly disappear.

Mrs. Hyland, according to Miss Cavanaugh, was heartbroken over the Christmas holidays and expressed extreme lonliness for her husband, the late C. Dion Hyland, an executive of the Spring Valley Water Company. He died about a year ago.

She wrote in the note that she feared that "something would snap," and had been mentally depressed for sometime, Miss Cavanaugh said.

Purser F. C. Lee checked the passenger list and wired to Miss Cavanaugh: "Started, but not aboard now."

Gus Schilling, deckhand, found a black coat, black hat and a handbag on the afterdeck of the vessel.

Mike McGrath, steward, was the last person to see Mrs. Hyland aboard. He said that she was weeping when he last saw her.

Miss Cavanaugh is a partner in a San Francisco brokerage house.

ROOF FIRE CAUSES LOSS

Damage in the amount of $30 was done by a roof fire Sunday in the home of Mr. and Mrs. Roger Barker, Santa Cruz avenue and Alameda de las Pulgas.

Legal Contest For Calaveras Water Looms

Peninsula's Plan Is Drawing Fire Of Alameda Dist.

Cities of the San Francisco peninsula will not acquire the Calaveras watershed and reservoir of the city and county of San Francisco without a legal battle, it was indicated today.

The intention of the peninsula cities to buy the system, if financially possible, was reported exclusively in The Tribune on December 8.

Since that time, the Alameda County Water District at Niles has raised a protest, and George Clark, attorney for the district, has been instructed to prepare for a legal fight to prevent the sale of the system.

The district will demand that San Francisco live up to the provisions of the Raker act, through which it acquired the rights to Hetch Hetchy water.

One section of the act, it was pointed out, specifies that San Francisco must use its local sources of water first before drawing upon the Hetchy supply. This section, it is stated, means that San Francisco must continue using the Calaveras system, which it had planned to abandon as of no further use to it.

The peninsula cities, including Palo Alto, discussed buying the system here December 8 and again in Palo Alto yesterday.

Ranchers in the Niles area have been looking forward to the completion of the Hetch Hetchy system in the belief that there would at least be a reduction in the amount of water taken from Southern Alameda county. This would mean that they could build up the levels in their wells, giving them much-needed relief.

If the system is sold to the peninsula cities, says J. C. Shinn, president of the district, it would mean that more and more water would be used up each year and the district would have a serious problem on its hands in supplying the farms with enough water.

The matter will be a lively topic for debate at Tuesday's meeting of the Niles Chamber of Commerce.

HOUSING PLAN ENDORSED BY DIRECTORS OF C. OF C.

$2,000,000 Project For Woodside Rd. Ranch Depends on U. S. Aid

Endorsement of a "low cost housing plan" for the Horgan ranch on Woodside road has been voted by the chamber of commerce directors, following a report of a special committee. The committeemen were Clifton Woodhams, Henry Witte and T. N. Thompson.

The committee's report, covering the project in detail, follows:

"Upon the request of J. E. Morrish, your committee has studied the prospectus of a project presented by L. E. Werder and associates, contemplating the development of the 100-acre Horgan ranch on the Woodside road, adjoining the city limit, for a low cost housing subdivision, to be undertaken with the approval of and with funds to be borrowed from the public works program.

"The prospectus is very complete, containing detailed maps and drawings showing the location of the tract, plans of roadways, playgrounds, and parks, and placement of houses so as to save the oak trees and to avoid crowding. It sets forth details of highway and transportation facilities, proximity to schools, colleges, and churches, and to the present business district ,and indicates the industries of the peninsula area.

"To describe the project in detail here would be to repeat the 15-page prospectus, but your committee would like to indicate briefly the proposed improvements, the estimated costs and method of financing, and the probable affect upon our community.

"The plan follows the scientific Radburn housing system, which we are told is a modern plan being used in the east, and contemplates building 218 five-room houses and 173 six-room houses, being a total of 391 houses, on lots averaging 70 feet by 100 feet, arranged in such a way that there are only four houses to the acre, and allowing generous areas for gardens, and for parks, playgrounds, tennis courts, baseball ground, and swimming pool. The construction of all these facilities is included in the plan.

"The houses are of modern design, varied as to floor plan and exterior appearance, and are placed in the tract so that they front on pedestrian walks only, with service driveways and garages in the rear. Most of such service driveways are dead end streets, serving 10 or 12 houses, and there are very few "through" streets. It is stated that the project will provide excellent living conditions for 391 families of moderate incomes, at low cost rentals, and statistics are given to show that such housing is needed in the peninsula area, and that it can be absorbed without displacing present investments.

"A detailed statement of estimated costs includes investment for the land, water system, streets, sewers and curbs, landscaping, walks, playgrounds, electroliers, 391 houses, and makes allowance for preliminary and organization expense, carrying charges, taxes, leasing or sales expense and advertising, bringing the total cost to $2,440,800. It is indicated that out of this expenditure $904,291 would be paid for materials, and $1,262,000 would be paid for labor and fees, employing an average of 440 men for a 30-hour week during a period of 18 months, and probably employing many others indirectly in the manufacture of materials.

"Application is being made to the federal government under its public works program for a loan of 85 per cent of this total cost, said loan to bear interest at 4 per cent, and to be repaid on an amortizing plan in about 24 years; the other 15 per cent of the cost is covered by the value of the land and by the funds of the proponents.

"The proposed rental rate of $7.25 per room per month, is based upon the above mentioned cost and interest rate, the tenant be-

PEOPLE HAVE BRAINS TO SEE WAY OUT OF SLUMP, DR. KNOLES TELLS C. OF C.

DEPICTING the tremendous problems to be met in the social and economic readjustments now taking place, Dr. Tully C. Knoles, president of the College of the Pacific, Stockton, assured the businessmen of Redwood City Wednesday night "that the American people have the brains to see their way out."

Dr. Knoles was the guest speaker at the annual meeting of the Redwood City Chamber of Commerce, which drew approximately 200 to the Sequoia Union High School cafeteria. The Kiwanis, Exchange, Lions and Yomecan clubs held their weekly dinners jointly with the chamber of commerce.

The speaker, who was introduced by J. Elmer Morrish, local banker and president of the chamber of commerce, declared that he did not agree with the views of some that the "whole world was caught in a grip of tremendous force from which it could not free itself."

"Humanity," Dr. Knoles said, "has always lived in the shadow of want. It has always held the fear that in the not far distant future it would not have the necessary food and shelter for all those who could crowd upon the earth."

Dr. Knoles gave the assurance that the "world is just as fruitful as ever" and reminded his listeners that "we have enhanced our ability to bring forth all the necessities of humanity."

An optimistic note was sounded by Dr. Knoles when he said that the national recovery administration program was helping, and that something like this was necessary because "the old panaceas were worthless; the old cures would not work."

Dr. Knoles did not know how long the NRA would last, but he pointed to an official "dressing down" from Washington that it was not an emergency program "but a program in an emergency with the elements of continuity."

"If industry can maintain the higher wages for the shorter hours, we are set for the greatest era of prosperity," Dr. Knoles declared. "If we can and do not do so, we will have revolution."

The problem in America, he said, was particularly acute, because of the greater advantage for education. "You can't keep the peasant mind down forever in the face of compulsory education," he said.

Dr. Knoles was certain that America will never go back to the old ways of "horse economies," as he called them. "Everyone has been bitten by the efficiency bug," he said, and "the inevitable result is greater unemployment."

The speaker declared the need for an intelligent program to take care of the leisure time of those whose working hours will probably remain at the six-hour day and five-day week.

Dr. Knoles spoke of the amazing change which has come over the psychology of the American people. He said "we have gone a long way since March 4," and predicted that if President Roosevelt had told the voters last September some of the things that he said in his inaugural address "that he never would have said those things on March 4."

Communism and Socialism, Dr. Knoles said, are two "ways out" which America will not choose in meeting its problems.

Communism, described as the "way of struggle and revolution," has actually lost ground in the United States, he said. Socialism, instituted by legislation but having much the same objective of attainment as the other, is another way which America will not take, he said.

He cited the vote for Norman Thomas, Socialist candidate for president and a Princeton scholar, who obtained fewer votes than Eugene Debs despite the fact the latter was in prison.

"Collectiveness" was seen by Dr. Knoles as growing in favor and as a solution to many of the economic problems. He referred to the municipal ownership of utilities and the operation of these for the benefit of the people. He cited the experiences of Los Angeles and Lodi under municipal ownership, telling of the benefits accruing.

"America for the Americans" is another way out, Dr. Knoles said, but he questioned whether the people would care to take that road out. It would mean the collapse of the pyramid of credit built up on an enormous foreign market, and would mean absorption of huge losses, he said.

China, he cited, lived by itself behind a physical wall, and America could do the same by an immigration wall. He did not be-

Publishing Of Traffic Names Done In East

Pittsburgh, St. Paul Publicize Traffic Violations

The plan proposed by Police Chief J. E. Farrell of Atherton and endorsed by the Redwood City Lions Club to require the publication of all traffic citations and their dispositions, is in use in at least two large cities, it was disclosed today with the receipt of a report prepared by Maxwell Halsey, traffic engineer.

"At least two large cities, Pittsburgh, Pennsylvania, and St. Paul, Minnesota, have had the law changed to make tags, tickets, arrest blanks and summonses a matter of public record," the report notes. "These are audited regularly, published in newspapers frequently, and their alteration is as serious as changing those having to do with public funds."

Halsey's report, entitled "The Policeman's Part in the Traffic Accident Problem," comprises a survey of the whole traffic situation for the "Special Committee of the International Association of Chiefs of Police" appointed to cooperate with the National Bureau of Casualty and Surety Underwriters. Chairman of the committee is John B. Blandford Jr., director of public safety of Cincinnati, Ohio, and the other members are John P. Smith, superintendent of police of Detroit, Mich., Oscar G. Olander, chief of Michigan State Police, R. B. Jordan, Richmond, Va., chief of police, and Halsey.

The publication plan is planned by the Redwood City Lions Club, which has made traffic safety a major objective for the coming year, to be pushed to adoption by city and county legislative bodies. It is designed to strengthen the enforcement of traffic laws.

Youth Drowns As Hunters' Boat Upsets

Redwood City Resident Rescues Victim's Companions

Rescue of two youths off Oakland airport in San Leandro bay was credited Monday to Liston Barber of Redwood City.

A companion of the youths, Ernest Palmer, 17, a senior at the Castlemont High School, Oakland, lost his life by drowning before Barber's arrival.

Barber, who was duck hunting, was attracted to the scene by the cries of Palmer's companions, Takahigha Korematsu, 19, and his brother, Heroshi, 17, of 10800 Edes avenue, Oakland.

Young Palmer and two school mates were duck hunting at the time of the tragedy. His gun accidentally discharged, and the recoil upset the collapsible canvas canoe.

The youth was the son of Mr. and Mrs. B. W. Palmer, 1120 107th avenue, Oakland.

Appeals Conviction in Third Lane Driving

Eric Lyders, 2429 Green street, San Francisco, an attorney, today appealed on his conviction in the court of Justice of the Peace Edward Farrell on a charge of third lane driving.

Lyders admitted crossing the center line in passing several cars, but told the court he did so only when oncoming cars were at safe distances away. He therefore alleged that there was no offense as charged.

State Officer James B. Delziel arrested Lyders on the Bayshore highway November 12. Judge Farrell fined Lyders $15, which he paid, but the appeal, filed here today, followed.

$272,659.23 Will Be Split For Kinsfolk

Four Charities Also To Benefit Under Agreement

Distribution of $272,659.23 of the trusts in the estates of the late Loren and Sarah Satira Coburn of Pescadero was provided for today in a decree signed by Superior Judge Maxwell McNutt.

The money will go to some 25 or 30 relatives, assignees and attorneys.

Strangely, the Coburn trusts are valued at higher amounts than when they were created many years ago. The increase caused Judge McNutt to declare this to be remarkable in the face of the ups and downs of the securities market.

Azro Coburn, Holyoke, Mass., a nephew of the Coburns, will inherit $51,373.79 of a trust created by Mrs. Coburn for the benefit of her incompetent foster-son, Wallace Loren Coburn, who died November 3.

The trust was originally for $50,000, but on distribution had increased by $1,373.79, notwithstanding the support over many years of the incompetent son.

The Loren Coburn estate trust of $178,736.47, received in May, 1920, had increased $42,548.97 during that period, making its present value $221,285.44, which sum the court included in the distribution decree.

The incompetent son received $700 monthly for his support during the period between his foster-mother's death in Pescadero on June 3, 1919, and his own in the Mills Memorial Hospital, San Mateo, November 3, of pneumonia.

Four charities will claim $10,000 each of the distribution approved today. These include San Francisco Protestant Orphanage, Hebrew Home for the Aged, Youth's Directory, and Old People's Home.

Many of the relatives remembered in the Coburn wills died before they came into their shares, but by assignments to attorneys and others were given cash sums before their deaths covering the interest in the estate.

Relatives remaining to share in the estate are two sisters, a brother, and 13 nephews and nieces, most of whom reside in the New England states.

The Coburns were pioneers on the coastside. He died first, and Mrs. Coburn was found murdered to death on June 3, 1919. At one on June 3, 1919. At one time Coburn was rated as a millionaire.

The firm of Ross & Ross handled the estate.

Guisti Ordered To Face Trial Over Homicide

Umberto Guisti, 37, San Francisco cleaning plant employe, was held Wednesday by Justice of the Peace Edward Farrell on a charge of murdering Miss Emilia Da Prato, 27, South San Francisco "songbird."

Guisti appeared to be a broken man as he sat in the courtroom. His hair was unkempt and his face unshaven. He wept throughout the whole proceedings. He was not represented by counsel, and declined to testify.

About 75 persons were present at the preliminary hearing and at the inquest which followed. The jury found that Miss Da Prato had come to her death through "multiple gunshot wounds," and named Guisti as the slayer.

Dr. Edwin I. Bartlett, Mrs. Severina Baldocchi, and Police Chief Louis Belloni, who told of the confession, were examined as witnesses at the preliminary hearing. Dr. W. H. Musselman of South San Francisco was an additional witness at the inquest.

There were no threats or demonstration of any kind at the hearings.

Widow Given $5,000 In Husband's Loss

Mrs. Jessie Findlay of Redwood City today was awarded $5,000 in a court judgment by Superior Judge Maxwell McNutt against George W. Nickel, of Los Altos, for the death of her husband, Carroll, in a Five Points accident.

A jury had previously awarded her $7500 but the court granted a new trial. The $5,000 figure was then agreed upon. Ross & Ross represent the plaintiff.

Rolph Likely Nominee

The success of Governor Rolph and his supporters in putting over the water project gives added strength to the probability that Rolph will be able to again capture the Republican nomination for governor. Democratic party managers are said to be taking note of this fact and as a consequence are doing their utmost to unite the forces of the party and agree upon some strong man to head the ticket, the belief being that the huge deficit created by the Rolph administration will be sufficient to alienate the support of many Republican voters. That the month of January will see politics pushed to the fore seems a foregone conclusion. All of which promises a lively primary campaign next summer.

Where Law Is Speedy

An Englishman recently wrote a letter to the London Times to commend the London police and courts for their promptness in disposing of a case of burglary. His letter—revealing a kind of law enforcement which is strange on this side of the water—is worth quoting here:

"The goods were stolen on Saturday morning," he writes. "The burglar was caught and the goods recovered on Saturday afternoon. On Monday the burglar was committed by a magistrate to stand his trial at the Old Bailey. On Tuesday he was duly tried, convicted and sentenced."

Probably speed of this kind is exceptional, even in England, where quick justice is proverbial. Nevertheless, the object lesson is plain.

With police and courst that work so fast, is it any wonder that England has less trouble with "crime waves" than we have?

HANSEN ESTATE FILED

Dr. J. C. McGovern, county coroner, today filed a petition for letters of administration in the estate of Johannes W. Hansen, who died December 15, in Daly City, leaving an estate worth less than $10,000. There are no known heirs at law, Dr. McGovern reports.

Carmel Youth Held As Drinking Driver

George E. Graft, 23, of Carmel, who gives his occupation as retired, was booked at the county jail in Redwood City at 6 a. m. Monday for driving an automobile while assertedly under the influence of liquor.

His erratic driving on El Camino Real near Charter street attracted the attention of Officer William Hogan, who had the youth examined by Dr. Harper Peddicord. The doctor's report declared the Carmel man was under the influence of liquor.

Harry Pack Wins Yule Tree Honor For Second Time

Harry Pack, 163 Hudson street, was this week awarded first prize in the Redwood City Lions Club annual decorated outdoor Christmas tree contest. This is the second consecutive time that Mr. Pack's tree has won the first honors in the contest.

Mr. Pack's tree is perfectly formed, is about 25 feet high, and is flanked on either side by smaller trees. These are decorated and lighted. The main tree is heavily adorned with cellophane and tinfoil and has Christmas tree lights evenly spaced throughout, all in one color. It is also flood-lighted to bring out the other decorations. On top of the tree is a star and on top of one of the smaller trees is another star which flashes on and off.

The entire display is one that has attracted hundreds of sightseers throught the yuletide season.

Mr. Pack will be awarded a silver loving cup by the Lions Club.

Second prize went to E. A. Mueller, 2520 Jefferson avenue. The Mueller tree carried out the same idea as the prize winner on a smaller scale. The entrance to their home is also beautifully lighted.

Honorable mention was awarded to the following persons for well decorated and lighted trees: Miss Dora Bertolucci, 1321 Hopkins avenue; Lorraine A. Dickey, 303 Bradford street; Laurence Henderson, 1443 May street; Miss Peggy Chapman, 128 Hudson street; J. F. Glendon, 250 Arlington road, and C. T. Wood, 808 Arlington road.

E. A. Rolison, city manager; Daniel R. Stafford, former mayor, and Dr. A. J. Fromm, past president of the Lions Club, acted as judges. George McQueen was the contest manager.

Thief Gets Haul Of Two Radios In County Visit

Two new radios were stolen from the home of Shelby York, 111 Pope street, North Palo Alto, on Christmas eve, according to a report today to Sheriff James J. McGrath's office. Entry was gained by breaking the glass in a back door.

The Yorks were away from home at the time attending a Christmas reception. York conducts music stores at Palo Alto and Redwood City.

Deputy Sheriff John T. Simpkin, North Palo Alto neighbor of York, was notified.

AIR BASE CONSIDERED

Sunnyvale Site May Be Selected By Goodyear

SUNNYVALE, Dec. 27.—A site near the Sunnyvale airbase is being considered as the prospective Pacific coast terminus of the projected Goodyear-Zeppelin Corporation's trans-Pacific balloon line, it was learned today.

H. J. Young, vice-president of the corporation, informed the San Jose Chamber of Commerce that the firm was looking for the site.

Charles Hall of Santa Cruz built a table six feet in diameter from a single knot which grew on a redwood tree in the mountains near there.

Truckman Cited As Trio Incurs Wreck Injuries

Paul Flores, 23, 207 South Claremont street, San Mateo, was cited for reckless driving this weekend by Capt. Paul Perussina as the result of an accident injuring three Burlingame residents.

Flores' truck and a car driven by Jeptha V. Greer, 35, of 2100 Roosevelt avenue, Burlingame, collided on the Bayshore highway at Mills Field. The truck driver, according to Capt. Perussina, had been drinking. He drives for a San Mateo bottling works.

Mrs. Greer, 26, and Charles Greer, 6, were thrown through the windshield of their car and suffered severe lacerations of the forehead. Greer suffered from shock.

Revaluation of Suburban Lands Favored By C. C.

The Redwood City Chamber of Commerce has approved a request made to the federal government by J. H. Stubbe, East Palo Alto official of the State Association of Poultry Raisers, which seeks a change in the regulations concerning loans on suburban agricultural property.

At the present time, this property is appraised as agricultural with a value not to exceed $300 per acre, whereas the land is valued at $1,000 per acre, and up. It is contended that the smaller appraisal, and consequent smaller loans, do not meet the needs of those in specialized forms of agriculture in suburban districts.

The directors of the chamber have also approved the plan of the city to ask the government for $25,000 towards $88,000 needed to build storm sewers. The city would have to raise the balance through a bond issue. The directors' approval merely covers the proposal to negotiate with the government for financial aid. They will take up the matter of the bond issue before it is submitted to a vote.

Templeton Among 80 Cited for Speeding

Robert L. ("Dink") Templeton, Stanford track coach, was one of 80 motorists cited for speeding on the Bayshore highway over the week-end, traffic bureau records disclosed Monday.

He was cited by State Officer Manfred Walzberg for assertedly doing 53 miles an hour in a 45-mile zone and with doing 50 miles an hour past an intersection where the legal speed is 15 miles.

Templeton will appear before Justice of the Peace Edward Farrell on December 28.

County Vote Results Learned in Canvass

The total vote cast by San Mateo county voters on December 19 at the special state election on the water and power act was found today by the official canvass to be 13,026.

The voting was split 8201 in favor of the state act, and 4781 against it.

Band instruments and music valued at more than $1,000 were stolen from headquarters of the municipal band at Quanah, Texas

Menlo Park

Charles Thomas, Jr., of Monterey, spent the day with his aunt, Mrs. W. H. Weeden, on Wednesday.

Mrs. George Condos submitted to a serious operation at the Palo Alto Hospital on Tuesday. She is rapidly recovering and will be able to receive visitors the first part of the next week.

Mayor W. H. Weeden will motor to Napa Thursday to attend a peace officers luncheon.

Mrs. Hilda Kloch and her young son, Albert, spent the Christmas Day with her mother, Mrs. Richard Longfellow, returning to her home in Oakland Wednesday.

Frank Furman, a student at the St. Joseph's College in Los Altos, spent Christmas with his parents, Mr. and Mrs. Thomas Furman of Cambridge avenue.

Mrs. Felix McGinnis entertained for her sister, Mrs. Frank Powell, at a luncheon on Tuesday.

The Trinity Episcopal Church Sunday School held their annual Christmas party in the Parish Hall Saturday afternoon.

Mr. and Mrs. John L. Sullivan announce the engagement of their daughter, Mary Alice, to Harry B. Morey. Miss Sullivan graduated from the College of Notre Dame and Mr. Morey, who is employed by Hearst Consolidated Publications in San Francisco, graduated from Santa Clara in 1928. No date has been set for the wedding.

Miss Victoria Hartman of Ripon spent Christmas with her mother, Mrs. Peter Bush, and Mr. Bush on Berkeley way.

Mr. and Mrs. Alfred Johanson motored from Los Angeles to spend the Christmas and New Year with Mr. Johanson's parents, Mr. and Mrs. Agustus Johanson of Crane avenue. Mr. Johanson installed several traffic systems en route to Menlo Park and has one or two systems to install in the bay area before returning to Los Angeles.

Walter Gale spent the holidays with his mother, Mrs. Marguerite Gale. Mr. Gale is living in the southern part of the state.

Miss Louise Hahn, daughter of Mr. and Mrs. A. G. C. Hahn of Menlo Park, has invited guests to a private showing of her paintings in the Thomas Welton Stanford Art Gallery the evening of January 2 from 8 to 11 o'clock.

The talented young artist has been studying and painting for a number of years. Among her recent portraits is one of Miss Ruth Spande, superintendent of the Stanford Convalescent Home.

At a small and informal reception at their home on Christmas eve, Mr. and Mrs. John Weston of Menlo Park announced the engagement of their daughter, Mary, to Marion E. Biggs of San Jose.

Present for the occasion were Mr. and Mrs. John B. Morrey Jr., Miss Emily McCarthy, Miss Alma Bracesco, Miss Ruth Bracesco, Miss Mary Alice Sullivan, Miss Frances McAtee, Miss Agnes Sullivan, Mrs. Ellen Weston, Miss Mary Weston, Joseph Morey, Warren Morey, Harry Morey, Desmond Sullivan, Robert De Luca, John Bracesco, Jack Tuttle, William Glynn, James T. O'Keefe Jr., and Marion Biggs.

Redwood City 30 Years Ago

A crowd of local sportsmen sailed in the Eclipse yesterday to enjoy a New Year's hunt.

Mr. and Mrs. Laurence Heiner of San Francisco visited friends and relatives here this week.

Carl Klitgaard and Miss Ella Benitzen, both of San Francisco, were united in marriage by Judge Hannon last Wednesday. John Monohan of Menlo Park acted as best man.

Merton E. Hughes, who has been connected with the Arthur F. Allen Ship Building Company of Manila, P. I., for the past year and a half, has returned to his home in Lebanon, Oregon. Mr. Hughes had a very severe siege of typhoid-pneumonia while in the islands and is recovering very slowly.

The Foresters of America football team met the Eurekas of San Francisco last Sunday on the local field and played a well contested tie game, the score being 0 to 0. Julius Allain made the star run of the day, Bert Shine made some fine line bucks, and Harold Heiner got around the end several times in good shape. Roy Curran acted as referee and umpire and Charles Heiner and Stanley Rice were timekeepers.

Shelter Has 150 Guests on Holiday

SAN MATEO, Dec. 27.—Through the generosity of the merchants of San Mateo and Burlingame, and the thoughtfulness of many private individuals, it was possible for the San Mateo shelter to serve turkey, cranberry sauce, sweet potatoes, mince and pumpkin pies for Christmas dinner. In addition each man received a sack filled with candy, nuts, an orange, an apple and a package of cigarettes or smoking tobacco.

The shelter extended an invitation to all single, homeless men of the county to have dinner. They came from all over the county. Menlo Park sent its quota up in a truck. Others came from Half Moon Bay, San Bruno, San Mateo and Burlingame.

Ordinance Sets 3-Dog Limit On Atherton Places

ATHERTON, Dec. 27.—An ordinance was adopted by the city council here yesterday afternoon prohibiting the keeping of more than three dogs on any one place without a permit.

The ordinance will forbid the establishment of any commercial kennels within the town limits.

Atherton joined other cities of the peninsula in an appeal to the state for additional traffic officers.

The board approved a claim for $147.26 for wages for C. M. Weeden for supervisory work done on the addition to the town hall.

Japan has 370,123 trade unionists in her 768 trade unions, 101 of which unions are in the transport industry.

Coltrin, Golf Star, Tagged as Speeder

Thirty speeders found themselves in possession of Christmas "gifts" yesterday in the form of court citations which were neither anticipated nor welcomed.

Included in the list was the name of Benny Coltrin, young Lake Merced professional, who sped up here from the south after setting a fast pace in the Long Beach championship and participating in the Pasadena open play. Coltrin is Northern California open champion.

The Statue of Liberty is located on Bedloe's Island in New York Harbor.

lieve, however, that the American people of themselves would be willing to increase population to take care of the production surplus.

The speaker predicted that "single taxing" was coming, and that it would probably be based solely on income. He said the old practice of taxing the property owner was based on the fact that "he was the first and easiest to soak."

"The generation that has the brains to measure light—that can discover a star a million miles away—can settle the economic and social problems if it uses its brains and is not guided by prejudice and tradition," Dr. Knoles concluded.

Directors Elected

Six directors of the chamber of commerce were elected at the gathering, with all those present taking part in the voting with the following results:

James D. Hedge, 117 votes; Edward T. Harrison, 105; John H. Gill, 102; Guy Kennedy, 101; Clifton Woodhams, 80, and Carl Mabie, 69.

Holdovers for another year are J. E. Morrish, Carl Stoner and E. B. Hinman.

Duncan Reynard, president of the Kiwanis Club; James Eva, president of the Exchange Club; Eugene Cerqui, president of the Lions, and Louis Dematteis, president of the Yomecans, pledged 100 per cent co-operation to the chamber in meeting the problems of the new year.

Mayor William J. Dusel said that conditions were improving and that the unemployment problem here was solved for the winter; President Morrish thanked Howard Wood, secretary of the chamber, for the extra work done by him in the handling of the NRA and sales tax problems of the past year, and Charles G. Lambert, whose reputation as a song leader is widespread, led the gathering in a 15-minute "sing," including two numbers dedicated to Dr. Knoles.

"Strictly Formal," a 20-minute playlet, was ably put on by a small cast of the El Camino Players, who were under the direction of Mrs. Bess Balcomb.

Guests for the evening were received by a committee headed by R. C. White as chairman, and including: J. E. Baughn, Sam Winklebleck, Clifton Woodhams, G. R. Kennedy, John Layng, John Gill, Dr. W. B. Langston, A. H. Davies, Perry Bygdnes, George McQueen and Louis Dematteis.

ing charged with an amount sufficient to cover amortization and 4 per cent interest on the cost of his house, and at the end of 24 years he or his successors is entitled to receive a deed.

"The property and improvements would be subject to tax in the same manner as any other property, and as the government would require the subdivision to be within the city, our limits would have to be extended and a substantial addition would thus be made to our assessed valuation.

"Your committee assumes that the engineering features, the details of costs, and the financial set-up will be subjected to exacting scrutiny of government experts in the various departments, and believes that such examinations will properly safeguard the interests of this community in those respects, and the committee has not made an exacting study of these details. It appears certain that local employment would be greatly improved during the period of construction of this project, and that mercantile business would be greatly stimulated both during the construction period and by the additional population to be attracted to this section. It is anticipated that new families from the larger cities, and also from more distant places would be drawn here by the modern low cost housing, and that local property values would be enhanced by the general activity and by the increased population.

"Mr. Werder and associates are asking the recommendation of the board of directors of the chamber of commerce, to support the presentation of the project to the authorities at Washington. Your committee has studied the project and has discussed it with Mr. Werder, and is now reporting favorably upon it and submitting the above brief synopsis, leaving to the discretion of the directors the matter of drawing final conclusion."

S. F. Man Killed By Automobile In Colma Mishap

COLMA, Dec. 28.—George Dearing, 78, of 175 Third street, San Francisco, was killed by an automobile early today while crossing Mission street here.

The car was driven by Jack Hodges, 24, tire salesman, of 1121 Ellis street, San Francisco.

Identification was made through a note introducing Dearing to a San Francisco bank. The body is held at the Lasswell chapel in Daly City.

Mrs. Felix McGinnis gave a luncheon yesterday at her home in Atherton, honoring her sister, Mrs. Frank Powell.

Many Toys Distributed By Women

Through efforts of the Y's Mothers' Club of Redwood City, an organization promoted by the Young Men's Christian Association, the less fortunate children of this area were well remembered by Santa Claus through the Toy Stack.

Planning for this project started nearly a year ago when Mrs. J. Neal Taylor was elected president. Mrs. Florence Andrews, who has had the major responsibility in this work for several years, was appointed chairman of the committee in charge. In addition to the members of the club Mrs. Z. T. Thorning and others gave much time in this work.

Through the schools and other agencies, cast-off toys were gathered and the big job of repainting, repairing and putting these in good shape was started with a corps of workers at one of the rooms in the old manual training building at the rear of the Central school.

Two hundred fifty bundles of toys were made up and the delivery of these was taken over by the young men of the Yomecan Club. Edward Williams was appointed chairman of this work by the Yomecan Club president, Louis Dematteis. All the packages were delivered in a period of three days between Thursday and Saturday just preceding Christmas.

MEEKS' ENTERTAIN GROUP OF FRIENDS

Mr. and Mrs. J. A. Meeks of Atherton had the following for Christmas dinner at their home yesterday: Mr. and Mrs. Warren Butman and daughter of Daly City, Mr. and Mrs. Frank Butman and daughter of San Francisco, Mr. and Mrs. Dana Wood and daughter, and Warren and Robert Bowen, all of Boston, Mass.

The dining room was beautifully decorated with Christmas colors, and a tree was had for the children. The guests enjoyed cards after the dinner.

GERGENS HOSTS TO HANFORD PEOPLE

Mr. and Mrs. Arthur W. Gergen of Duane street had as their weekend guests Mr. and Mrs. Jaye Johnson of Hanford. Their other guests for Christmas day were Mr. and Mrs. Roy Phillips of Oakland, and Mr. and Mrs. Bradford Kelley of Redwood City.

E. Tucker Is Death Victim At Home Here

Following a period of declining health, Ernest Tucker passed away Tuesday afternoon at his home, 710 Whipple avenue. He was retired and had lived here for the past 14 years. He was a native of Devonshire, England, and was 63 years of age.

He is survived by his widow, Mrs. Cora Tucker; and by four sons: Clayton Tucker of Hot Spring, South Dakota; Ward Tucker of this city; the Rev. Julius Tucker of St. Paul, Minnesota; and Joseph D. Tucker of Vallejo. A daughter, Mrs. Olive C. Ingram, passed away here in 1920.

The funeral will be held on next Saturday afternoon at 2 o'clock at the Layng & Tinney Funeral home. The services will be conducted by the Rev. E. L. Maxwell of Mountain View. The interment will follow at Alta Mesa Memorial Park.

Hospital Bills Put in Hands Of Collectors

Several hundred bills for medical attention given automobile accident victims at the Community Hospital were turned over to a San Mateo collection agency today in the hope that the major portion of them may be collectable.

County Manager Walter T. Kellogg said that several thousand dollars will come to the county if all of the bills are collected.

The necessity of turning the bills over to a collection agency emphasizes the need of a county manager at the institution. This step has been recommended by several grand juries, and is soon to be the subject of a survey to be undertaken by Dr. J. B. Cutting of Watsonville.

Many of the bills are two or three years old.

DAVIS DECREE GRANTED

War Veteran's Will Is to Face Contest Here

Contest to break the will of Felix Hermann Decker, 44, formerly of 425 Bradford street, who ran a shoe store in San Mateo and was a World War veteran, was filed Saturday by his brother, Leo N. Decker, 2701 K street, Bakersfield. Decker was for some time an inmate of the veterans' hospital, and died on August 17. He left a $12,000 estate.

He left $1 to his father, Fred N. Decker, of Munday, Texas, and $1 each to his brother, Leo, and two sisters, Emma Decker of San Antonio, Texas., and Rosa Decker Raatz, of Austin, Texas.

Other brothers and sisters unnamed in the will include Emil Decker, Jerome Decker, John Decker, Henry Decker, Fred Decker Jr., Alfred Decker, Theresa Ferrier and Jessie Herring.

The bulk of the estate was left to Miss Elizabeth Tessiatore, nurse in the veterans' hospital. Decker described her as his "loyal and helpful friend." She is named defendant in Leo Decker's action. it is charged that she used undue influence over the veteran.

Decker's will was dated March 9, 1927. It was admitted to probate on September 11 on petition of Attorney Edmund Scott. Miss Elinor Louise Falvey of Redwood City is counsel for the contestant.

Traffic Publicity Plan Studied By Local Chamber

The Redwood City Chamber of Commerce at its annual meeting in the Sequoia cafeteria Wednesday took steps to investigate the traffic safety plan proposed by Redwood City Lions Club.

Pres. J. Elmer Morrish named a committee of three to make a recommendation to the chamber directors on the plan, which was outlined to the club by Police Chief John E. Farrell of Atherton.

This committee includes Clifton Woodhams, chairman; Kendall Towne, and George McQueen.

SAFE IS ROBBED

Burlingame Service Station Loses $300 to Thieves

The Lynch Bros. tire and service station at Bayswater and California drive, Burlingame, was visited by safecrackers Saturday night, who obtained about $300 in cash and currency. The combination of the safe was knocked off, apparently by hammers. The theft was discovered by Jack Lynch, one of the proprietors, who notified police.

13 Arrested in Traffic Cases On Bay Highway

One reckless driver and 12 speeders were nabbed by state officers on the Bayshore highway Tuesday.

Daniel Santos, 522 Commercial avenue, South San Francisco, was cited by State Officer H. B. Fowler for reckless driving, and ordered to appear January 4 before Justice of the Peace Edward Farrell. Fowler reported that Santos "had been drinking."

R. L. Concannon, 619 Hopkins avenue, Redwood City, was one of the 12 alleged speeders cited. He was charged by State Officer John D. Couch of Marysville, on special assignment here.

Injunction to Halt Liquor Petition Over

The hearing on the injunction of W. S. King of San Francisco to stop the circulation of a petition seeking to liberalize the liquor laws was continued for one week today by Superior Judge Maxwell McNutt at King's request.

King names the California Northern Hotel Men's Association and others as defendants. He charges their petition attempts to supersede his own which had prior circulation.

Several Redwood City couples were present Saturday night at the Golden State Company Ltd.'s annual Christmas party at the Los Altos Golf and Country Club.

Will of Elfving, Charter Writer, Filed in Court

The will of Carl W. Elfving, county pioneer and charter writer, was filed here Saturday by his widow, Jane Donnan Elfving, 200 West Santa Inez avenue, San Mateo. Elfving died in San Mateo December 18. The estate will exceed $10,000.

Elfving's will was written on December 11, seven days before his death. The will gives $2500 to his daughter, Mrs. Dorothy I. Irwin, 2449 Fox avenue, Wisconsin; $2500 to his son, Carl D Elfving, San Mateo; $4000 to his son, Robert W. Elfving, San Mateo, and the residue of the estate to the widow.

Elfving explained that the larger sum for Robert Elfving was due to gifts given to the older children previously.

Ross & Ross represent the petitioner.

Northwest Sent $50 By Local Red Cross

The Redwood City chapter of the American Red Cross today subscribed $50 toward the relief of sufferers hit by the flood conditions in Washington and Idaho. This was the local chapter's share of a $50,000 fund being raised by the Red Cross, and the check was mailed today by Treasurer Anne Bullivant. Dollar memberships taken out by local citizens during the recent Roll Call made the contribution possible.

The Menlo Park branch of the Red Cross sent $20.

Hinman Retains Hope For Rival Peninsula Line

Loss of the Western Pacific does not mean the end of chances for competitive rail service on the peninsula, County Clerk Elmore B. Hinman believes today.

Hinman, who has taken a leading part in bringing the industrial picture of San Mateo county to the front, says that he believes the peninsula's need for extra service is outstanding and will some day be met by the Western Pacific or some other railroad.

The county clerk, who is chairman of a committee recently named to speed the rail service of the peninsula, says in the abandonment of its project the Western Pacific may have speeded the goal of his committee.

He said that the right of way acquired by the Western Pacific could be turned into a freight line by the Southern Pacific or some other line, and that the existing tracks of the Southern Pacific could serve solely for swift passenger service under an electrification program.

Present tunnels of the Southern Pacific at Bayshore are too narrow and the cost of widening them would be greater than electrifying the old Valencia street line, Hinman said.

SHACK BURNED

A shack adjoining the plant of the Golden State Mushroom Co., Second avenue and Spring street, was burned to the ground by fire of unknown origin Sunday night.

Auto License Period Near; Charge Is $3

Preparations are being completed this week for issuance of about 2,000,000 sets of new license plates for 1934 to California car owners. Promptly following the advent of the new year, the period for renewal of automobile registration will open on Tuesday morning, January 2, and continue to January 31 at midnight.

The state registration fee fixed by law is $3 for private passenger automobiles. Those who fail to apply before expiration of the renewal period will be required to pay $6 instead of $3, as a penalty.

One of the most important items of preparation for renewal application, it is pointed out, is to see that the white slip certificate of registration for 1933 is available and in good condition. This slip must be presented when applying, together with the amount of the renewal fee. Should the white slip be missing or found to be in a mutilated or otherwise illegible condition, application for a duplicate must be made before registration can be renewed. This is done by presenting the pink certificate of ownership, for the information it contains, and paying a state fee of 50 cents for issuance of a duplicate white slip.

Another item is to see that the white slip bears the registered owner's correct address. In case of a change of address the new address must be written legibly on the white slip.

The division of registration, department of motor vehicles, will issue plates at offices in various cities and receive mail applications at the Sacramento headquarters. Automobile associations will issue plates to members.

Mrs. Angela Perego today was granted a final decree of divorce from Louis Perego on the ground of extreme cruelty, by Superior Judge Maxwell McNutt.

"Yes, Ann, and everyone is satisfied. I had these rooms redecorated and Jack has his Natural Gas furnace."

"Why, Jane, you have just done wonders in fixing up this room."

Natural Gas

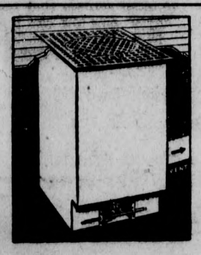
Naturally THE BETTER FUEL

In practically every one of the thousands of gas appliance installations that have been made this winter—a man had to be sold and a woman had to be satisfied. Each had very definite ideas about house heating before anything new was bought and put into use.

Natural Gas Heating satisfies a woman first of all because of its cleanliness. She knows Natural Gas Heating helps make her housework easier because it brings in no dirt and creates none.

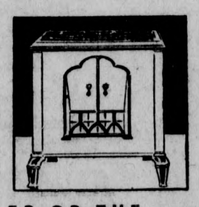
Men like Natural Gas Heating because ordering and delivering is automatic. Natural Gas comes piped directly to the furnace or gas appliance. Men, of course, know the easy control of a gas fire means economy as well as greater comfort.

Why not get an estimate on the cost of Natural Gas Heating equipment for your home? Remember, too, that the equipment needed for your home can be purchased on term payments. Only a small down payment is needed. Why not be satisfied and comfortable in your home this winter?



Circulating Heater

Attractive, low in first cost and highly efficient. It heats two to four rooms. Made in many sizes and styles. Extremely economical to operate.



Floor Furnace

Solves the heating problem for homes without a basement. Highly praised by thousands. Saves floor space and is easy and most economical to install and operate.

Railroads Enjoy Heavy Travel In Holiday Season

By UNITED PRESS

Return of some measure of prosperity to the nation's railroads was indicated today in a United Press survey which revealed the heaviest holiday passenger traffic since the depression began.

The increases ranged from 10 per cent to five times greater than last year. Hundreds of special trains carrying holiday celebrants in and out of the major cities were being added to regular train schedules.

Railroad officials believed the large increase was due to greater employment and increased confidence in the future causing people to spend money for things not absolutely essential.

New York and Pittsburgh railroads reported a 50 per cent increase. Detroit reported an increase of five times over last year, the best since 1929. Chicago reported a 10 per cent increase. The increase in the Kansas City district was estimated at one third.

ABOUT SAME HERE

SAN FRANCISCO, Dec. 25 (UP)—General passenger traffic in California has been about the same as at the Christmas season last year, according to a Southern Pacific announcement today. However, movement was augmented by the fact that CCC workers received a five-day furlough. The forestry men traveled into heavily populated centers, including Los Angeles, San Francisco, Oakland and Sacramento.

Financial Standing Of County Studied

County Controller Edward Stack was busy today in the compilation of a report to show the financial status of San Mateo county as of December 15, in accordance with a request from County Manager Walter T. Kellogg.

Kellogg said that all departments have been co-operating with him in an effort to keep the expenditures well within the budgets, and he said there is no reason to believe that any are running behind.

Two unemployed have been added to Controller Stack's staff for the extra work.

LEGAL

NOTICE OF TRUSTEES' SALE

On Monday, the 15th day of January, 1934, at the hour of nine fifteen (9:15) o'clock a. m. of said day, at the front entrance of the Court House of San Mateo County, situated on the northerly side of Broadway between Hamilton street and Middlefield road, formerly Webster street, in the City of Redwood City, County of San Mateo, State of California, JAMES NEWBERRY and WILLIAM BLACKBURN, substituted trustees, will sell, at public auction, to the highest bidder, for cash, in lawful money of the United States, the following described real property situate in the City of Redwood City, County of San Mateo, State of California, to wit:

Lot Seven (7) in Block Four (4) as designated on the map entitled "Edgewood Park, Redwood City, California," which map was filed in the office of the Recorder of the County of San Mateo, State of California, June 23, 1925, in Volume 12 of Maps at pages 41 and 42.

Said sale will be made to satisfy the obligation secured by and pursuant to the power of sale conferred in a certain deed of trust executed by RUSSELL G. HASKINS, a widower, to MERCANTILE TRUST COMPANY OF CALIFORNIA, a corporation, trustee for the benefit and security of MERCANTILE MORTGAGE COMPANY, a corporation, dated February 1, 1926, and recorded February 17, 1926, in the office of the County Recorder of San Mateo County, State of California, in Volume 221 of Official Records, at page 25 thereof, and which said deed of trust and the obligation secured by said deed of trust were assigned to E. WALSH by instrument in writing dated December 2, 1933, and recorded December 21, 1933, in the office of the County Recorder of said San Mateo County under Recorder's Serial Number 34706C.

Notice of breach of said obligation and election to sell said real property was recorded in the office of said County Recorder May 16, 1933, in Volume 586 of Official Records, at page 470.

The undersigned, James Newberry and William Blackburn, were substituted as trustees of the said above-mentioned deed of trust in place and stead of American Trust Company, a corporation, formerly Mercantile Trust Company of California, a corporation, by instrument in writing dated December 1, 1933, and recorded December 21, 1933, in the office of the County Recorder of said San Mateo County, under Recorder's Serial Number 34705C.

This notice is given in compliance with the written demand heretofore made on the substituted trustees by E. Walsh.

Dated: December 21, 1933.

WILLIAM BLACKBURN,
JAMES NEWBERRY,
Substituted Trustees.
